- 3.1. The FCA rules require firms to categorise its clients as retail, professional, or eligible counterparties, as defined pursuant to MiFID II. We will treat you as a Retail Client which means you receive the highest level of protection as determined by applicable regulatory criteria, unless it is agreed otherwise. You may request to be re-categorised, but as such you will no longer qualify for certain protections which only apply to Retail Clients. We will only accept such a request if we are permitted to do so in accordance with regulatory criteria. You agree to notify us immediately if you consider at any point that you no longer fall within the definition of a retail client.

4. SERVICES

Services encompass discretionary portfolio management; advisory trading; and execution only trading. These Services are more fully described below

4.1. Discretionary management

Shard Capital offers discretionary management services. If you opt to use this service, Shard Capital will manage, on a discretionary basis, your portfolio of cash and investments. Subject to any instructions from you, Shard Capital shall have full authority at its discretion, without prior reference to you, to enter into any kind of transaction or arrangement for your account. Shard Capital will only exercise discretion in accordance with your investment objectives as prescribed by the applicable FCA rules and in a manner that we believe to be suitable for you.

4.2. Advisory

In providing advisory services, we will advise you, at your request, on entering into investments and exercising your rights in relation thereto. We seek to ensure that our advice is suitable for you. It remains your sole responsibility to inform us of any changes to your circumstances, requirements and objectives.

In terms of the FCA, we may recommend to you any investments which we reasonably believe are suitable for you. All decisions on whether to invest in, hold or dispose of any investment or asset are yours and we will only enter into transactions as you instruct.

4.3. Execution only

You may request to be treated as an execution only client either in respect of all transactions or a specific transaction. This means that we are only able to act on the instructions that you provide and you are responsible for the decisions that you make when you engage our execution only service. Regardless of the type of Services we have agreed to provide you, in circumstances where (i) you have not supplied us with sufficient information (either orally or in writing) about your investment objectives, financial circumstances and the degree of risk you are prepared to accept or (ii) even though

you have previously supplied us with information, we may reasonably believe that you are not expecting us to advise you about the merits of a particular transaction, then we will not make any personal or product investment recommendations, and we will interact with you as an execution only client, and you hereby agree to our interaction in this manner.

For more complex products such as derivatives and warrants we may request additional information from you to assess if the product is appropriate. Should you choose not to provide this information and we agree to execute the transaction on your behalf, you agree and acknowledge that we cannot assess whether the investment will be suitable to your needs.

You are responsible for the investment decisions that you make when you engage our Services as an execution only client. We do not accept responsibility on a continuing basis for advising you on the composition of your portfolio.

5. INVESTMENT RISKS

When providing advisory or discretionary Services to you, if we reasonably believe that a course of action is in your best interest, we may recommend to you or deal for you in investments which carry the risks set out in Part IV. Where receiving execution only Services or you intend to deal in an unadvised capacity, you should have regard to, and agree and acknowledge the limited protections you may receive in respect of suitability and appropriateness.

General and product specific risks are described in Part IV and it is important for you to read these carefully and if you have any questions, you are advised to contact us.

6. DEALING AND EXECUTION

6.1. Quotations

Deal quotations are available on request. You agree and acknowledge that the market price may have changed between the time at our giving a quotation and the execution of your instructions.

6.2. Execution and Aggregation of Orders

We may arrange or execute transactions on your behalf in any investments for which we have permission from the relevant competent authority, including FCA, to trade, as well as rights to or interests in any such investments.

The Services will be provided in respect of investments traded on the Official List of the London Stock Exchange, the Alternative Investment Market, Plus Markets, Irish Stock Exchange, or such other regulated investment exchange or unquoted securities which we may agree with you from time to time. We may also undertake transactions for you in units in unregulated Collective Investment Schemes.

We may arrange the aggregation of orders, which may, or may not, result in a more favourable price being obtained. We will only arrange this aggregation of your orders with other orders where we reasonably believe that it is in your best interests.

6.3. Order Execution

We are required to put in place an order execution policy (“Order Execution Policy”) and to take sufficient steps when dealing in financial instruments on your behalf to obtain the best possible result. The Order Execution Policy outlines all sufficient steps that Shard Capital must take to ensure that we achieve ‘best execution’, that is obtaining the best possible results for you when carrying out transactions on your behalf.

Should you wish to view our Order Execution Policy online at any time, please visit our website at: <http://www.shardcapital.com/about-us-reportsand-documentation/> .

Should you provide specific execution instructions to us, this may prevent us from taking the steps that are necessary to achieve the best possible result in respect of the order to which the instructions relate.

We will not be liable for any loss, damage or expense which you incur if we are unable to execute an order due to a delay or change in market conditions before the transaction is completed or for any other reason, other than our negligence, wilful default or fraud.

6.4. Principal Trading

Shard Capital may act as principal when dealing with you. This means that we have purchased the shares and are selling them to you. We will always disclose when this is the case. When we act as principal, the price paid by you will be the same price that Shard Capital have paid and you will then be charged a commission and/or an administration fee.

6.5. Instructions

You agree to check all the documentation that we send to you in relation to your instructions. If there are any errors or omissions, you must let us know immediately. If we notice that there is an error or omission in the documentation that we have sent to you in relation to your instructions, we will re-issue correct documentation immediately. You agree to return the original incorrect documentation to us and to repay any overpayments. If you fail to do so you may be committing an offence. We will charge you interest on the overpayment and we will have the right to purchase replacement investments. You will pay for the investments and any costs.

If we fail to accurately carry out your instruction, we will ask you to choose one of the following options below (as appropriate):

- i. Instructions to buy an investment: We will either (a) buy investments to put you in the position that you would have been in if we had carried out your instructions correctly; or (b) pay you the difference between the price that should have been paid for the investment and the price that you paid.
- ii. Instruction to sell an investment: We will pay you the difference between the price that you obtained on the sale and the price that you should have obtained if we had carried out your instruction correctly.

You must take all reasonable steps to ensure the security of your account. We are not responsible for your acts or omissions, including your losses arising from fraud, wilful default or negligence.

We cannot sell investments for you unless you have the right to sell them. In giving us an instruction to sell an investment you represent, warrant and confirm that you own or have the legal right to sell that investment.

We may rely on and treat as binding any instruction which we have accepted in good faith, and which we believe to be from you or someone entitled to instruct us on your behalf.

We may accept instructions from you verbally or in writing. However, we may, entirely at our discretion, require any instructions given verbally to be confirmed in writing. In the case of a joint account we shall require only one of the account holders' instructions prior to proceeding.

We may entirely at our own discretion accept limit orders from you. We may accept such orders on a 'fill or kill' basis or a 'good for the day' basis. We will use our reasonable endeavours to execute such orders; however, we do not guarantee that they will be executed even if the relevant price is met.

We may acknowledge your instructions verbally or in writing (i.e. by post or email). Instructions may only be given during opening times of the relevant market and on business days. Any validly submitted instructions received by us outside these hours will be processed on the following Business Day.

We will assume you have received a communication from us 2 days after we post it to you by 1st class post, 5 days after we post it to by 2nd class post, immediately if sent by fax or when it is received by your internet service provider if sent to you by email.

For execution-only orders, we will not advise on the merits of nor assess suitability of any transaction proposed via instructions received from you. You agree and acknowledge that we will not have any responsibility for the consequences of you entering into any such transaction and that any instructions should be directed in the first instance to us.

We reserve the right at any time to:

- i. Refuse any instructions;
- ii. Limit the size or value of any instruction;
- iii. Impose and/or vary any dealing limit; and/or
- iv. Seek additional clarification or verification of instructions where we believe these are unclear. Where investments are held in the name of another person, we may not act on your instructions until we have received satisfactory proof of your authority to deal for that other person.

You must send us any dividends or other benefits which you receive but are not entitled to immediately, we will then send them to the person who is entitled to them.

You will not be held responsible for deals placed using your account code if they have been placed after you have notified us of the loss, unauthorised use or disclosure of your details. Such notification needs to be in writing.

You agree to let us know immediately if you:

- i. Lose or disclose your account code to a third party;
- ii. Your account code is stolen or if you find out that someone has used your account code without permission, or otherwise dealing or attempting to deal with us without your authority;
- iii. Do not receive confirmation by post that we have carried out your dealing instructions within three Business Days of you placing them;
- iv. Receive confirmation of a deal which you did not place.

Where there is more than one person who is party to a joint account under these Terms, any instruction, notice, demand, acknowledgement or request may be given by any one of you and any such communication will be treated as binding on the other(s). If you give us conflicting instructions, we have no obligation to act on them. Any notice given by us under these Terms to any party to a joint account will be deemed to be notice to each person interested in the account. If you are a party to a joint account your liability will be joint and several.

6.6. Custody

Client money will be held on your behalf by our custodian and will be dealt with in accordance with the FCA (client money) rules, which requires them to hold your money in a separate bank account with an approved bank. Your money could be held by the approved bank with other clients' money in a pooled client account. This means that client money is held as part of a common pool of money, so you do not

have a claim against a specific sum in a specific account; your claim is against the client money pool in general.

You agree that where we hold money on your behalf, we may hold your money at any approved bank or pass your money to an intermediate broker, settlement agent, custodian or counterparty outside the UK. In such circumstances, the legal and regulatory regime applying to the bank, broker, agent or counterparty with which your money is held will be different from that of the UK and in the event of a default of the bank, broker, agent or counterparty your money may be treated differently from the position which would apply if the money was in the UK.

We will exercise due skill, care and diligence in the selection, appointment and periodic review of any custodian or bank (other than a central bank) where your money is deposited and for the arrangements for holding your money but we shall not be responsible for any acts, omissions or default of any third-party custodian or bank.

We may use a commercial settlement system to settle trades on your account and in such instances there is a period of time known as the Delivery versus Payment (DVP) window. During the DVP window, we may not treat your assets as client assets or your money as client money. In these circumstances, the following provisions for the treatment of your cash and assets will apply:

- i. For a purchase on your account, the DVP window starts from the date on which you fulfil your payment obligation to us. The DVP window will then close on the earlier of the date on which the DVP transaction settles or the Business Day following the date on which you fulfil your payment obligation to us. If you have fulfilled your payment obligation and delivery of the asset has not occurred by close of business on the third Business Day following fulfilment of your payment obligation, we will treat your money as client money until such time as the asset is delivered to you.
- ii. For a sale on your account, the DVP window starts from the date you fulfil your delivery obligation to us. The DVP window will then close on the earlier of the date on which the DVP transaction settles or the third business day following the date you fulfil your delivery obligations to us. Where payment has not occurred by close of the third business day following the date on which you complete your delivery obligation to us, we will treat your asset as a client asset until we make payment to you.

You should be aware that the protections offered under FCA client money and client asset rules only apply when such money or assets are treated as client money or client assets as defined in the FCA handbook.

Any client money or client assets due to you which are unclaimed by you on an account which has not been active for six years (client money) or 12 years (client assets) will cease to be client money or client assets. After which we may pay or transfer client money, assets or the liquidations proceeds away to a registered charity. We will attempt to contact you at least three times should we intend to exercise these rights and we undertake to make good any valid claim that may be subsequently made against any assets we have liquidated in this way.

Subject to the below and save as otherwise agreed in writing, Shard Capital shall not be liable to:

- i. pay interest to the Client on any credit balance in any Account or on any other sum held by Shard Capital; or
- ii. account to the Client for any interest received by Shard Capital on such sums or in connection with any Contract.

Where our Services involves safekeeping your assets, dealing with any cash or otherwise administering your assets or accounts, we will keep records as evidence that your assets are held on your behalf and do not belong to us. In providing this service, you authorise us, where we reasonably consider it appropriate, to employ agents and sub-custodians to perform any aspects of the custody service and authorise them to do the same. We will follow any applicable regulatory requirements. In such scenarios, we will use reasonable skill and care in selecting, using and monitoring the delegate but are not liable for their acts or omissions, insolvency or dissolution.

Your assets will be registered in the name of a nominee or a sub-custodian where:

- i. It is possible; and
- ii. We consider it appropriate; and
- iii. Regulatory requirements allow it.

Registration in the name of a nominee or sub-custodian may mean you lose incentives and shareholder benefits attaching to the assets. Such nominee or custodian may be located in or outside the jurisdiction in which we provide services to you.

Where your assets are held by a nominee or sub-custodian, we cannot ensure that you would not lose any assets if the entity fails. In order to show that the assets are not available to the entity's creditors, we will take reasonable steps to ensure that their records reflect that the assets are held for you and that they do not belong to us or the nominee or sub-custodian.

In some jurisdictions, local law might not allow your assets to be separately identifiable from our assets or those of the nominee or sub-custodian. You might be at greater risk of loss if the nominee or sub-custodian fails.

We or our sub-custodian will hold any physical documents of title (including bearer stocks).

You authorise us and our sub-custodian to hold or transfer assets (or entitlements to them) to securities depositaries, clearing or settlement systems, account controllers or other participants in the relevant systems in the course of providing the Services. This applies to assets that are uncertificated or transferable by book entry transfer. These assets or entitlements will be separately identifiable from any assets or entitlements held in the same system for our account.

We will send you a statement about your funds and investments at least twice a year or annually if you have advised us of this in writing. This will be based upon the mid-price of the investments held at the specified date. If your investments include transactions with a contingent liability, you will be provided with a monthly statement and where these investments are held by our custodian, the statement will be provided by our custodian. You may obtain an up to date statement at any time, which will be chargeable.

6.7. Charges and Payment for Transactions

Our charges will be in accordance with our published rates in effect at the time the charges are incurred. You agree to pay us our charges when these fall due. Should we do so you will be notified at the time and details of any additional charges will be shown on the contract note issued to you.

In addition to paying any commission and charges due to us you will reimburse us for any costs and expenses which we may incur which are directly attributable to you. These charges may include (without limitation) the costs of providing information to third parties (such as your accountants or auditors), valuations, or our involvement in legal proceedings brought against you.

You agree to settle in full the cost of purchases, and all other amounts owing to us in accordance with and on the dates shown on contract notes, invoices and statements. We reserve the right, and are authorised by you, not to settle transactions or accounts with you unless and until we have received all necessary documents or money to debit your account with all charges, interest and other costs incurred in accordance with these Terms. In the event that any provision or any part of any provision of these Terms is held to be unenforceable or illegal, in whole or in part, such provision or part shall to that extent be deemed not to form part of these Terms but the enforceability of the remainder shall remain unaffected.

The Contracts (Rights of Third Parties) Act 1999 shall not apply to these Terms and only the parties to it may enforce and benefit from these terms.

We may amend, suspend and/ or terminate any or all of the Services at any time. Where reasonably practicable we will give advance notice of this but this may not always be possible and/or practical for business reasons.

No failure or delay by either of us in exercising any right, power or privilege in these Terms shall operate as a waiver thereof nor shall any single or partial exercise by us of any right, power or privilege preclude any further exercise thereof or the exercise of any other right, power or privilege.

The rights and remedies herein provided are cumulative and not exclusive of any rights and remedies provided by law.

You consent to our assigning, or transferring responsibility for the performance of any of our obligations in these Terms and the rights or benefits hereunder to such transferee as we may determine, provided such transferee shall (if required) be permitted to carry on the same business as us.

We may also appoint sub-contractors, agents or other parties and otherwise delegate such obligations and functions as we shall be required to perform in accordance with these Terms, as we shall in our absolute discretion determine.

Your rights under the Terms are personal to you and are not capable of assignment, your obligations under the Terms may not, without our prior written agreement, be performed by anybody else.

We may employ agents selected by us on any terms which we think appropriate.

7.2. Entire Agreement

These Terms, together with any documents referred to in them, and together with any other written agreement between you and us, constitute the whole agreement between us relating to its subject matter and supersede and extinguish any previous arrangement, understanding or agreement, whether in writing or oral, relating to such subject matter.

7.3. Termination

These Terms shall remain in full force and effect until terminated in accordance with this clause.

These Terms may be terminated by either party upon giving the other party written notice of termination, which will take effect immediately, unless otherwise specified in the notice. If we terminate these Terms we will give you at least 10 Business Days' notice of the termination. If we have serious grounds or valid reasons for doing so, we may however terminate the Terms with less than 10 Business Days' notice, including immediately.

Your Account will not be closed merely because there is a nil balance or you have sold all your investments. If charges accrue on the deposit accounts, you will still be liable for them and we retain the right to debit your deposit account in the usual way.

Where you have not traded on an Account for a period exceeding twelve months and we are not holding Investments or cash on your behalf, we reserve the right to suspend or close your Account without prior notification. Please contact us if you require further details of what this means.

In the case of an individual, the agreement constituted by these Terms will terminate automatically when we receive notification of your death. Your Account will be suspended and dealt with appropriately on instruction of your personal representative once a grant of probate or letter of administration has been received by us.

On the death of one of the joint holders, the ownership of such cash and investments passes automatically to the surviving joint holder(s) unless we are advised otherwise at the time of the first death. The surviving joint holder(s) must notify us immediately of the death of a joint holder(s), and provide us with a certified copy of the death certificate.

The agreement constituted by the Terms will terminate in the event of Shard Capital entering into insolvency, being convicted of a criminal offence or being in material breach of its fiscal responsibilities.

On termination, the parties undertake to complete all Contracts that are already entered into or under execution as soon as possible. Termination will be without prejudice to the completion of transactions already initiated. All transactions in progress will be executed in accordance with your instructions and these Terms shall continue to bind parties in relation to such transactions.

Any termination is subject to the settlement of any outstanding transactions and the payment of any charges and other amounts due (which become due and payable immediately). If you request us to re-register or transfer your securities, you will be liable to a fee to cover the cost. If you decide to transfer management of your positions or alter the power of attorney which permits Shard Capital to operate your account, an administration fee equal to 1% of the overall value of the positions held in your account will be deducted at the time of such transfer. This charge will be deducted to cover all costs associated with re-registrations or transfers.

Upon termination of these Terms we will be entitled, without first giving notice, to stop providing you with access to the Trading Platform.

The termination of these Terms will not affect any rights which may already have arisen or obligation which may already have been incurred by either party under these Terms.

If we exercise our right to end or suspend your use of the Services we will not be liable for any losses, which may be suffered by you due to a decrease in the value of your investments between the date you purchased, and the date we sold them.

7.4. Notices and Communications

You may also subscribe where you perform duties as a Crown servant outside of the UK which are treated as being performed in the United Kingdom or are the spouse or civil partner of such a person. A person with parental responsibility for an eligible child may apply to open a Junior ISA on their behalf and thereby become the registered contact. Once a Junior ISA is open, any person may make subscriptions to the account. We do not offer cash ISA or cash Junior ISA.

If you are applying for an ISA or Junior ISA for the next tax year, our custodian Jarvis Investment Management shall hold your money in a client bank account until 6th April. No interest is paid on this money. On the first working day of the new tax year we will open your ISA or Junior ISA and make investments in accordance with your instructions.

Your application will need to contain your original signature. We will only consider applications made by a third party where we are satisfied that a registered lasting power of attorney is in place or, if the third party is acting under a general or enduring power of attorney, that you are physically incapable of signing the application.

In accordance with the Regulations:

- i. The ISA Investments will be in your beneficial ownership;
- ii. The Junior ISA will be for the beneficial ownership of the eligible child;

- vi. We shall be under an obligation (subject to any provisions made by or under any other enactment and if you so elect) to arrange for you to be able to attend shareholders', security holders' or unit holders' meetings; to vote; and to receive in addition to the annual report and accounts any other information issued to shareholders, securities holders or unit holders;
- vii. We shall satisfy ourselves that any person to whom we delegate any of our functions or responsibilities under these Terms is competent to carry out those functions or responsibilities;
- viii. We will notify you if, by reason of any failure to satisfy the provisions of the ISA or Junior ISA regulations, a ISA or Junior ISA has, or will, become void; and
- ix. Your ISA or Junior ISA shall not be given as security in respect of money borrowed by you or on your behalf.

We do not accept standing instructions in respect of matters regarding the taking up of rights attached to your account, receiving of annual reports or accounts or arranging attendance of meetings or to vote and additional reports or other information referred to above for all investments held in your account. If you wish to exercise these rights referred to above, in respect of more than one investment held in your account, you must make a written request in respect of each relevant investment. Where there are insufficient funds within the account to take up the rights issue in full, we will arrange for the maximum amount of rights to be taken up from your cash balance, none if necessary.

You authorise us to reclaim from HMRC all tax deductions and refunds to which you are entitled in relation to the ISA or Junior ISA.

3. INVESTMENTS

We will invest your money into an ISA or Junior ISA in compliance with the requirements of HM Revenue & Customs. This means we shall provide to HM Revenue & Customs all particulars of your account which they may reasonably request and to exercise the duties and powers conferred to us under the Regulations; these include all claims for repayment of, or credit against, tax in respect of the account as well as providing account management services including record keeping, reporting, dealing, compliance with the Regulations and Rules of HM Revenue & Customs.

You may transfer an existing ISA or Junior ISA to Jarvis Investment Management in cash or stock. Following a transfer, investments will be made when we have received the proceeds from your existing ISA or Junior ISA Manager. Any subsequent payments (which may include outstanding dividends and tax credits) will be held within your account awaiting your instructions.

4. CONSOLIDATION

All new money invested in the Shard Capital ISA, including transfers, will be held as one account. This means our custodian Jarvis Investment Management shall administer all your Stocks & Shares ISAs for different years as one account. This principle also applies to the Shard Capital Junior ISA. You can also elect to consolidate previous ISAs into your Stocks & Shares ISAs so they too can be held, managed and charged as one account. If you do not consolidate previous ISAs, they will be held, administered and charged separately from each other.

5. DIVIDENDS AND INCOME

Where investment income is received net, we reclaim tax where permitted by, and in accordance with, current HM Revenue & Customs regulations. Jarvis Investment Management will reclaim UK tax credits on dividend income, where appropriate, up to the 5th day of each month (unless a gross payment has been received), or the next working day if the 5th day falls on a weekend, and it will receive the tax credit approximately seven weeks after that date.

6. CHARGES

We may apply any cash and realise investments (forming part of the Account) for payment of charges, reimbursement of expenses and payment of any tax in respect of your Account that you are bound to pay under the relevant regulations.

7. TRANSFERS, WITHDRAWAL AND DEATH

Upon receipt of your written instruction (and within the time frame specified by you – which may not be less than 30 Business Days) all or part of your account shall be transferred to another ISA or Junior ISA Manager. Generally, we will complete your instructions within 30 Business Days, occasionally it may take longer to complete due to factors beyond our control. Transfers will take place in the form of cash but stock transfers are also permitted. Our fee for transferring as stock is £10 per holding.

On the Junior ISA holder's 18th birthday the account will become an ISA. All correspondence from this point will be addressed to the account holder, and they will have full authority to place investment instructions and make withdrawals. Junior ISA Withdrawals (either capital or income) from a Junior ISA are not permitted prior to the child's 18th birthday, except in the event of terminal illness or death.

In the event of terminal illness, the registered contact may make a claim to HMRC to be allowed to access the funds in the child's Junior ISA. HMRC will issue a letter of acceptance which must be handed to us. Should the child die before they reach 18 years, the Junior ISA will be death with in accordance to the termination clause.

If you hold an ISA, in the event of your death, your ISA (and any tax exemptions associated with the ISA) will cease from the date of your death. On receipt of a certified copy of your death certificate, the ISA wrapper will be removed. The investments in the former ISA will be dealt with in accordance with the termination clause.

8. VOIDING AND REPAIR

In certain cases of breach of Regulations, HM Revenue and Customs may allow the position to be repaired and the ISA or Junior ISA to be continued, subject to a penalty or to some action being taken in relation to the ISA or Junior ISA.

Should the breach not be repairable, it will be considered void (invalid) and you will lose your tax exempt status. In these circumstances, we will notify you or the registered contact as soon as practicable. If we have to take action to repair your ISA or Junior ISA or to transfer assets from a void ISA or Junior ISA into another account or elsewhere, you must pay us any charges that we incur in doing so.

Provided that we act in good faith we shall not be liable for any loss or tax liability incurred by our taking or not taking action in these circumstances, nor if tax exempt status of your ISA or Junior ISA is nevertheless lost.

4. DEALING

4.1. General

You shall inform Shard Capital in writing of the persons you have granted a power of attorney to instruct us on your behalf. For practical reasons, Shard Capital can only undertake to register one power of attorney for the Client. If the Client at any time wishes to revoke such a Power of attorney, to change the extent of the power of attorney, or grant Power of attorney to a different person, this shall also be communicated to Shard Capital in writing. Shard Capital is in accordance with general rules regarding power of attorneys entitled to receive instructions from any person authorised by the Client as well as persons who appear authorised.

Any instruction sent via the Trading Platform or by email by you shall only be deemed to have been received and shall only constitute a valid instruction and/ or binding contract between Shard Capital and yourself when such instruction has been recorded as executed and confirmed by Shard Capital through the Settlement/ Trade Confirmation and/ or Account Statement, and the mere transmission of an instruction by you shall not constitute a binding contract.

You shall promptly give any instructions to Shard Capital, which Shard Capital may require. If you do not give such instructions promptly, we may, at our reasonable discretion, take such steps at your cost, as we consider necessary or desirable for our protection or the protection of you. This provision is similarly applicable in situations when Shard Capital is unable to contact you.

Shard Capital may (but shall not in any circumstances be obliged to) require confirmation in such form as we may reasonably request if an instruction is to close an Account or remit money due to you or if it appears to us that such confirmation is necessary or desirable.

Pursuant to general rules regarding power of attorney you are accountable to us for losses which we may incur as a result of instructions from a person who has explicit or implied power of attorney over your account.

Shard Capital shall act in accordance with instructions as soon as practically possible and shall, as far as trading instructions are concerned, act consistent with the Shard Capital Best Execution Policy. However, if, after instructions are received, we believe that it is not reasonably practicable to act upon such instructions within a reasonable time, we may defer acting upon those instructions until it is, in our reasonable opinion, practicable to do so or as soon as possible notify you that we are refusing to act upon such instructions.

It is possible that errors may occur in the prices of transactions quoted by Shard Capital. In such circumstances, without prejudice to any rights it may have English law, Shard Capital shall not be bound by any contract which purports to have been made (whether or not confirmed by Shard Capital) at a price which:

- i. Shard Capital is able to substantiate to you was manifestly incorrect at the time of the transaction; or
- ii. Was, or ought to have reasonably been known by you to be incorrect at the time of the transaction.

In which case Shard Capital reserves the right to either cancel the trade all together or correct the erroneous price at which the trade was done to either the price at which Shard Capital hedged the trade or alternatively to the historic correct market price.

When you instruct Shard Capital to enter into a position opposite to one or more of your open positions, Shard Capital will close out the opposite position in accordance with the FIFO principles unless the position has related orders or otherwise agreed.

You acknowledge that Shard Capital has the right to, but not the obligation to close directly opposite positions. This applies not only when the positions are held on the same account, but also when they are held on separate accounts.

If you operate several Accounts (or sub-accounts) and have opposite positions open on different Accounts (or sub-accounts), we shall not close out such positions. You are specifically made aware that unless closed manually, all such positions may be rolled over on a continuous basis and thereby consequently all incur a cost for such roll-over.

4.2. **Online Order Execution**

We shall not be liable to you for any loss, expense or liability suffered or incurred by you due to failure of the system, transmission failure or delays or similar technical errors unless such loss, expense or liability is a direct consequence of negligence or wilful default on our part.

We may offer you real-time tradable prices. Due to delayed transmission between yourself and Shard Capital, the price offered by us may have changed before we receive your order. If we offer you automatic order execution, we shall be entitled to change the price at which your order is executed to the market value at the time at which the order was received from you.

Prices offered by Shard Capital regarding the sale, purchase or exercise of Contract Options reflect the price of the relevant ex-change traded product. Due to delays from your execution of an order or instruction regarding a Contract Option to the execution of the relevant exchange traded product on the exchange, the price as listed on the Trading Platform is subject to change, in order for the Contract Option to reflect the price of the relevant exchange traded product at the time of its execution or exercise (as applicable).

The Trading Platform may be available in several versions, which may differ from one another in various aspects including, but not limited to the level of security applied, products and services available etc. We shall not be liable to you for any loss, expense, cost or liability suffered or incurred by you due to you using a version different from Shard Capital's standard version with all available updates installed.

You shall be responsible for all orders, and for the accuracy of all information, sent via the internet using your name, password or any other personal identification means implemented to identify you.

Shard Capital will inform the Client as soon as possible regarding such refused orders and the reason for the refusals. Situations where Shard Capital may exercise such right include, but are not limited to, where: a. Shard Capital has reason to believe that the Client may be in possession of Inside Information; b. If Shard Capital due to insufficient margin close one, several or all of the Client's Margin Trades, the Client shall expect, unless otherwise agreed and confirmed by Shard Capital that all of the Client's open Margin Trades will be closed.

If the Client has opened more than one Account, Shard Capital is entitled to transfer money or Security from one Account to another, even if such transfer will necessitate the closing of Margin Trades or other trades on the Account from which the transfer takes place.

4.9. Interest and Currency Conversions

Subject to the below and save as otherwise agreed in writing, Shard Capital shall not be liable to: pay interest to the Client on any credit balance in any Account or on any other sum held by Shard Capital; or b. account to the Client for any interest received by Shard Capital on such sums or in connection with any Contract.

The Client is obliged to pay interest on the basis of the Client's negative Net Free Equity in accordance with the terms in Shard Capital's Commissions, Charges & Margin Schedule.

Shard Capital may vary such interest rates and/or thresholds for interest calculation without notice when changes are to the Client's advantage, or the grounds for changes are due to external circumstances beyond Shard Capital's control. Such circumstances are:

Whenever Shard Capital conducts currency conversions, Shard Capital will do so at such reasonable rate of exchange as Shard Capital Stockbrokers selects. Shard Capital shall be entitled to add a mark-up to the exchange rates. The prevailing mark-up is defined in the Commissions, Charges & Margin Schedule.

4.10. **Netting**

If on any date the same amounts are payable under the Terms by each party to the other in the same currency, then, each party's obligations to make payment of any such amount will be automatically satisfied by netting.

If the aggregate amount that is payable by one party exceeds the aggregate amount that is payable by the other party, then the party by whom the larger aggregate amount is payable shall pay the excess to the other party and the obligations to make payment of each party will be satisfied and discharged.

If the Client, at any time during the Client relationship, has a negative cash-balance in any Account, Shard Capital is entitled but not obligated to net between the Client's Accounts. The Client shall bear all the charges and any other costs associated with such netting in accordance with the Commissions, Charges & Margin Schedule.

If the Client relationship is terminated, the claims that the parties have against each other shall be finally discharged by means of netting (closed). The value of open Contracts shall be determined according to the principles set forth below and the final amount to be paid by one of the parties shall be the difference between the payment obligations of the parties.

Rates based on which the Contracts shall be closed shall be market rates applicable on the day on which Shard Capital decides to close the Contracts.

Shard Capital may at its reasonable discretion determine the rates by obtaining an offer from a Market Maker in the asset in question or by applying rates from electronic financial information systems.

When determining the value of the Contracts to be netted, Shard Capital shall apply its usual spreads and include all costs and other charges.

These Terms shall be binding towards the estate and creditors of the parties to the client relationship.

4.11. Market Making

When Shard Capital executes orders as Agent for the Client on a regulated stock or futures Exchange, Shard Capital will not be a party to such a trade as such orders will be executed in the trading system of the relevant exchange at the best price and the most favourable conditions available at the time of the order or according to the Client's specific instructions, e.g. in a situation where the Client has chosen to limit the order. Shard Capital will not include any additional spread in the price of the execution achieved for the Client but will be remunerated according to the Commissions, Charges & Margin Schedule.

For Shard Capital to quote prices with the swiftness normally associated with speculative trading, Shard Capital may have to rely on available price or availability information that may later prove to be faulty due to specific market circumstances, for instance, but not limited to, lack of liquidity in or suspension of an asset or errors in feeds from information providers or quotes from Counterparties. If so and if Shard Capital has acted in good faith when providing the price to the Client, Shard Capital may cancel the trade with the Client but shall do so within reasonable time and shall provide the Client with a full explanation for the reason for such cancellation.

Following execution of any position with a Client, Shard Capital may at Shard Capital's reasonable discretion subsequently offset each such client position with another client position, or a position with one of Shard Capital's Counterparties or retain a proprietary position in the market with the intention to obtain trading profits from such positions. Such decisions and actions may therefore result in Shard Capital offsetting client positions at prices different - sometimes significantly different - from prices quoted to clients, resulting in trading profits or losses for Shard Capital. This in turn can raise the possibility of the Client incurring what may be seen as an implied cost.

The Client acknowledges, recognizes and accepts that the price quoted to the Client includes a spread when compared with the price to which Shard Capital may have covered or expected to be able to cover the Contract in a trade with another client or a Counterparty. Furthermore, the Client acknowledges, recognizes and accepts that said spread constitutes remuneration to Shard Capital and that such spread not necessarily can be calculated for all Contracts and that such spread will not be specified at the Settlement/Trade Confirmation or otherwise revealed to the Client.

If the Client is an active trader and is undertaking numerous transactions, the total impact of as well visible as not visible costs may be significant. Consequently, the Client may have to obtain significant profits in the markets in order to cover the costs associated with trading activities with Shard Capital. For very active Clients, such costs may over time exceed the value of the margin deposited. Normally, when trading margined derivatives, the lower the percentage of the applicable margin rate, the higher the proportion of the costs associated with executing a transaction.

4.12. Aggregation and Split

Shard Capital is in accordance with the company's Best Execution Policy entitled to aggregate the Client's orders with the company's own orders, orders of any of the company's associates and/or persons connected with Shard Capital including employees and other clients. Furthermore, Shard Capital may split the Client's orders when executing these. The orders will only be aggregated or split if Shard Capital reasonably believes it to be in the best interest of the Client. On some occasion's

aggregation and split of the Client's order may result in the Client obtaining a less favourable price than if the Client's orders had been executed respectively separately or mutually.

4.13. Shard Capital's Counterparties

To give effect to the Client's instructions, Shard Capital may instruct a Counterparty selected at Shard Capital's discretion and Shard Capital shall do so where the transaction is to be subject to the rules of an exchange or market of which Shard Capital is not a member.

Shard Capital shall not be responsible for errors committed by such Counterparties unless it is proven that Shard Capital has not acted with sufficient and reasonable care when selecting the Counterparty.

4.14. Default and Remedies

The provisions contained in this Clause supplement any other rights that Shard Capital or any of its associates have according to the Terms and furthermore any other rights Shard Capital has according to English law.

Shard Capital reserves the right to retain, or make deductions from, any amounts which Shard Capital owes to or is holding for the Client if any amounts are due from the Client to Shard Capital. Upon the occurrence of an Event of Default, Shard Capital shall at its discretion be entitled to:

- i. Sell or charge in any way any or all of the Client's collateral, assets and property which may from time to time be in the possession or control of Shard Capital or any of its associates or Agents or call on any guarantee, without any notice or court order. Sale of Security, assets and property shall take place by means that Shard Capital in its reasonable discretion determines and at the price that Shard Capital in its reasonable discretion determines to be the best obtainable.
- ii. - vii. Close-out all Contracts and net all the Client's and Shard Capital obligations towards each other as of the date fixed by Shard Capital with effect to third parties.

The Client authorises Shard Capital to take any or all of the steps described in this Clause without notice to the Client and acknowledges that Shard Capital shall not be responsible for any consequences of it taking any such steps, unless Shard Capital has exercised gross negligence in connection herewith. The Client shall execute the documents and take the action as Shard Capital may request in order to protect the rights of Shard Capital Stockbrokers and its associates under the Terms or under any agreement the Client may have entered into with Shard Capital.

If Shard Capital exercises its rights to sell any Security or property of the Client under this Clause, it will effect such sale, without notice or liability to the Client, on behalf of the Client and apply the proceeds of sale in or towards discharge of any of the Client's obligations to Shard Capital.

Without prejudice to Shard Capital other rights under the Terms or under prevailing law, Shard Capital may, at any time and without notice, combine or consolidate any of the accounts maintained by Shard Capital and off-set any and all amounts owed to, or by, Shard Capital in such manner as Shard Capital at its reasonable discretion may determine.

4.15. **Client Warranty**

- i. Any loss (including consequential and other indirect losses), expense, cost or liability (together referred to as "Loss") suffered or incurred by the Client as a result of or in connection with the provision of the Services unless and to the extent that such Loss is suffered or incurred as a result of Shard Capital gross negligence or wilful default;
- ii. Any Loss due to actions taken by Shard Capital according to its rights under the Terms, or
- iii. Any consequential or other indirect loss suffered or incurred by the Client whether arising from Shard Capital negligence or otherwise.

4.17. **Disputes**

Without prejudice to any of Shard Capital other rights under the Terms, in case of a dispute or complaint between the Client and Shard Capital over a Margin Trade or alleged Margin Trade or any instruction relating to a Margin Trade, Shard Capital is entitled at its reasonable discretion and without notice to close any such Margin Trade or alleged Margin Trade if Shard Capital reasonably believes such action to be desirable for the purpose of limiting the maximum amount involved in the dispute. Shard Capital shall not be responsible to the Client in connection with any subsequent fluctuations in the level of the relevant Margin Trade.

If Shard Capital closes a Margin Trade under this Clause such action shall be without prejudice to Shard Capital right to contend that such Margin Trade had already been closed by Shard Capital or was never opened by the Client. Shard Capital shall take reasonable steps to inform the Client that Shard Capital has taken such action as soon as practicable after doing so. Where Shard Capital closes a Margin Trade or alleged Margin Trade in accordance with this Clause, the closing shall be without prejudice to the Client's rights to open a new Margin Trade, provided that such Margin Trade is opened in accordance with the Terms. When calculating margin or other funds required for such Margin Trade, Shard Capital is entitled to do so on the basis that Shard Capital view of the disputed events or instructions is correct.

4.18. **Miscellaneous**

If at any time any provision of the Terms is or becomes illegal, invalid or unenforceable in any respect under the law of any jurisdiction, neither the legality, validity or enforceability of the remaining provisions of the Terms under the law of that jurisdiction nor the legality, validity or enforceability of such provision under the law of any other jurisdiction shall be in any way affected.

Shard Capital shall not be liable to the Client for any failure, hindrance or delay in performing its obligations under the Terms where such failure, hindrance or delay arises directly or indirectly from circumstances beyond its reasonable control. Such force majeure events shall include without limitation any technical difficulties such as telecommunications failures or disruptions, non-availability of Shard Capital website e.g. due to maintenance downtime, declared or imminent war, revolt, civil unrest, catastrophes of nature, statutory provisions, measures taken by authorities, strikes, lockouts, boycotts, or blockades, notwithstanding that Shard Capital is a party to the conflict and including cases where only part of Shard Capital functions are affected by such events.

If the Client's combined exposure in one or more margin trades reaches a level which - in case of an adverse market development - may lead to a significant deficit not covered by the Client's deposits and/or margin with Shard Capital, Shard Capital may in its reasonable discretion a. increase the margin requirements and/or b. reduce the Client's exposure by closing one or more or all of the client's open positions.

Furthermore, Shard Capital is entitled in its reasonable opinion to determine that an emergency or an exceptional market condition has occurred. Such conditions shall include, but are not limited to, the suspension or closure of any market or the abandonment or failure of any event to which Shard Capital relates its quote or the occurrence of an excessive movement in the level of any Margin Trade and/or underlying market or Shard Capital reasonable anticipation of the occurrence of such a movement. In such cases Shard Capital may increase its margin requirements, reduce the Client's exposure, close any or all of the Client's open Margin Trades and/or suspend trading.

The Client may not assign its rights or delegate any of the Client's obligations under the Terms or according to any Contract to others whereas Shard Capital may assign its rights or delegate its obligations to any regulated financial institution.

For various investments, instruments and groups of Clients, Shard Capital may provide additional business terms. The Client acknowledges, understands and accepts that: a. such business terms made available to Clients shall constitute an addition to the Terms; and b. the Client should not undertake any transaction unless the business terms applicable for such investment, instrument or group of Clients have been understood and accepted. Transactions undertaken by the Client notwithstanding above, shall be deemed as had this sub-clause indeed been complied with.

The rights and remedies contained in the Terms are cumulative and not exclusive of any rights or remedies provided by law.

No delay or omission on the part of Shard Capital in exercising any right, power or remedy provided by law or under the Terms, or partial or defective exercise thereof, shall:

- i. Impair or prevent further or other exercise of such right, power or remedy; or
- ii. Operate as a waiver of such right, power or remedy.

No waiver of pleading a default of a clause in the Terms shall (unless expressly agreed in writing by the waiving party) be construed as a waiver of a future breach of the same clause or as authorising a continuation of the particular breach.

The Client hereby ratifies all transactions with Shard Capital effected prior to the Client's acceptance of the Terms and agrees that the rights and obligations of the Client in respect thereto shall be governed by the Terms.

By accepting the Terms on behalf of a corporation or other legal entity, the person signing represents and warrants that he/she is authorised to act on behalf of such corporation or legal entity and to bind

the same to the Terms and all obligations arising hereunder. If at a later stage it becomes apparent that the signatory was not duly authorised to bind the corporation or legal entity, Shard Capital will have the right to seek restitution from this person. Furthermore, the signatory shall indemnify Shard Capital against all liabilities, losses, damages, costs and expenses in relation to any claims or actions brought against Shard Capital as a result of the signatory holding out to be authorised to act and bind any such corporation or legal entity.

Client shall be able to communicate with Shard Capital in English or any other language as Shard Capital may offer from time to time. Shard Capital may communicate with the Client in English or any other language agreed between the parties.

The Client accepts that Shard Capital may be closed on significant European holidays. This brief statement, which constitutes an addition to the Terms, does not disclose all of the risks and other significant aspects of trading foreign exchange and derivatives. In consideration of the risks, you should enter into transactions with the mentioned products only if you understand the nature of the contracts and the contractual legal relationship into which you are entering and the extent of your exposure to risk. Transactions in foreign exchange and derivatives are not suitable for many members of the public. You should carefully consider whether transacting is appropriate for you in light of your experience, objectives, financial resources and other relevant circumstances.

PART IV

RISKS

Applicable to all Client Accounts

GENERAL

This notice is provided to you as a retail customer in compliance with rules of the FCA. Retail customers are afforded greater protections under these rules than other customers and you should be aware of your rights of access to the Financial Ombudsman Service and other benefits. Investments put your capital at risk; please remember that the price or value of investments can go down as well as up. You may not get back the amount invested. Past performance is not necessarily a guide for future performance.

SPECIFIC RISKS

1. Foreign Markets

Foreign markets will involve different risks from the UK markets. In some cases, the risks will be greater. On request, we will provide an explanation of the relevant risks and protections (if any) which will operate in any foreign markets, including the extent to which we will accept liability for any default of a foreign firm through whom we deal. The potential for profit or loss from transactions on foreign markets or in foreign denominated contracts will be affected by fluctuations in foreign exchange rates.

2. Non-Readily Realisable Investments

We may enter into transactions on your behalf in non-readily realisable investments (investments in which the market is limited or could become limited). Non-readily realisable investments can be difficult to deal in and it can become difficult to determine what a proper market price is. Please inform us if you do not wish us to buy such investments for your portfolio.

3. Small-Cap Share

There is an extra risk of losing money when shares are bought in some smaller companies. There is a big difference between the buying price and the selling price of these shares. If they have to be sold immediately, you may get back much less than you paid for them. The price may change quickly and it may go down as well as up. These shares carry a high degree of risk and you can lose all of your investment.

4. Structured Products

A structured product is defined as a 'complex' instrument and in deciding whether to hold a 'complex' instrument, you should be aware it is an investment which offers a pre-packaged investment strategy based on derivatives and which delivers a known return for given instrument conditions. It may be based on a single security, a basket of securities, options, indices, commodities, debt issuances, foreign currencies or swaps, or any combination of these. Their reliance on derivatives means that structured products are high risk investments and you could lose all the money you have invested. You should consider carefully whether or not this product is suitable for you in the light of your circumstances and financial position, and if in doubt please seek professional advice.

5. Warrants

A warrant is a right to subscribe for shares, debentures, loan stock or government securities, and is exercisable against the original issuer of the securities. Warrants often involve a high degree of gearing, so that a relatively small movement in the price of the underlying security results in a disproportionately large movement in the price of the warrant. The prices of warrants can therefore be

volatile. You should not buy a warrant unless you are prepared to sustain a total loss of money you have invested plus any commission or other transaction charges. Some other instruments are also called warrants but are actually options (for example, a right to acquire securities which is exercisable against someone other than the original issuer of the securities, often called a 'Covered Warrant').

6. Suspensions of Trading

Under certain trading conditions it may be difficult or impossible to liquidate a position. This may occur, for example, at times of rapid price movement if the price rises or falls in one trading session to such an extent that under the rules of the relevant exchange, trading is suspended or restricted. Placing a stop-loss order will not necessarily limit your losses to the intended amounts, because market conditions may make it impossible to execute such an order at the specific price

7. Clearing House Protections

On many exchanges, the performance of a transaction by us (or third party with whom we are dealing on your behalf) is guaranteed by the exchange or clearing house. However, this guarantee is unlikely in most circumstances to cover you, the client, and may not protect you if we or another party defaults on its duty to you. On request, we will explain any protection provided to you under the clearing guarantee applicable to any on exchange derivatives in which you are dealing. There is no clearing house for traditional options, nor normally for off-exchange instruments, which are not traded under the rules of a recognised or designated investment exchange

8. Stock exchanges

Shard Capital trades on in Alternative Investment Market (AIM) and NEX shares, all of which carry a higher degree of risk than blue chip investments and there is always the possibility of losing the capital sum invested. Investment should be restricted to the maximum one can afford to lose. These investments may not be suitable for everyone and if you have any doubt regarding suitability please contact your regular investment adviser. Shard Capital and/or its connected companies and/ or directors or employees and/or members of their families may from time to time have a material interest (including options) in relation to an investment in which we deal on your behalf and may add or dispose of such securities from time to time. It is more difficult to buy and sell shares in small companies and it may not always be possible to deal. Market Makers operate with a wide spread between buying and selling prices for small companies and this spread and fluctuations in the share price may mean that you do not get back the full amount invested. AIM and NEX are designed primarily for emerging or smaller companies. Both the AIM and NEX Rules are less demanding than those of the Official List of the London Stock Exchange. The past is not necessarily a guide to future performance.

9. Extended settlement and leverage (T+20 trading)

Trading using extended settlement prolongs the settlement date and as a client you pay or receive the profit or loss at the end of the extended settlement period. When using leverage, you can lose more than your original investment and you agree that this is therefore a high risk activity. Collateral can be used to trade in this manner and the level of leverage allowed on collateral will be determined using a risk based assessment by Shard Capital. Extended settlement trading does not incur any financing cost but the price dealt in the market is likely to be at a premium to the prevailing market price.

10. Securities subject to stabilisation

Shard Capital may from time to time carry out transactions in securities on your behalf, where the price may have been influenced by measures taken to stabilise it. You should read the following explanation carefully

Stabilisation enables the market price of a security to be maintained artificially during the period when a new issue of securities is sold to the public. Stabilisation may affect not only the price of the new issue but also the price of other securities relating to it. The FCA allows stabilisation in order to help counter the fact that, when a new issue comes onto the market for the first time, the price can sometimes drop for a time before buyers are found. Stabilisation will be carried out by a 'stabilisation manager' (normally the firm responsible for bringing a new issue to the market). As long as the stabilisation manager follows a strict set of rules, he is entitled to buy back securities that were previously sold to investors or allotted to institutions, which have decided not to keep them. The effect of this may be to keep the price at a higher level than it would otherwise be during the period of stabilisation.

The Stabilisation Rules limit the period when a stabilising manager may subsidise a new issue; fix the price at which he may stabilise (in the case of shares and warrants but not bonds); and require him to disclose that he may be stabilising but not that he is actually doing so. The fact that a new issue or a related security is being stabilised should not be taken as an indication of the level of interest from investors, nor of the price at which they are prepared to buy the securities.

11. Trades in Foreign Exchange and Derivatives (Including CFD's, Futures and Options)

11.1 Effect of "Leverage" or "Gearing"

Transactions in foreign exchange and derivatives carry a high degree of risk. The amount of initial margin may be small relative to the value of the foreign exchange or derivatives contract so that transactions are "leveraged" or "geared". A relatively small market movement will have a proportionately larger impact on the funds you have deposited or will have to deposit; this may work against you as well as for you. You may sustain a total loss of initial margin funds and any additional funds deposited with Shard Capital to maintain your position. If the market moves against your position and/or margin requirements are increased, you may be called upon to deposit additional funds on short notice to maintain your position. Failing to comply with a request for a deposit of additional funds, may result in closure of your position(s) by Shard Capital on your behalf and you will be liable for any resulting loss or deficit.

11.2 Risk-reducing Orders or Strategies

The placing of certain orders (e.g. "stop-loss" orders, where permitted, or "stop-limit" orders), which are intended to limit losses to certain amounts, may not be adequate given that markets conditions make it impossible to execute such orders, e.g. due to illiquidity in the market. Strategies using combinations of positions, such as "spread" and "straddle" positions may be as risky as taking simple "long" or "short" positions.

11.3 Suspension or Restriction of Trading and Pricing Relationships

Market condition (e.g. illiquidity) and/or the operation of the rules of certain markets (e.g., the suspension of trading in any contract or contract month because of price limits or "circuit breakers") may increase the risk of loss by making it difficult or impossible to effect transactions or close/ offset positions. Normal pricing relationships between the underlying asset and a derivative do not always exist. The absence of an underlying reference price may make it difficult to judge "fair" value.

12. Deposited Cash and Property

You should familiarize yourself with the protections accorded the Security you deposit by way of money or other assets in domestic and foreign transactions, particularly in the event of a firm insolvency or bankruptcy. The extent to which you may recover your money or other assets is governed by the legislation and local rules in the country at which location the counterparty acts.

13. Commission and Other Charges

Before you begin to trade, you should obtain a clear explanation of all commission, fees and other charges for which you will be liable. These charges will affect your net profit or loss.

14. Transactions in Other Jurisdictions

Transactions on markets in other jurisdictions, including markets formally linked to a domestic market, may expose you to additional risk. Such markets may be subject to regulation, which may offer different or diminished investor protection. Your local regulatory authority will be unable to compel the enforcement of the rules of regulatory authorities or markets in other jurisdictions where your transactions have been effected.

15. Currency Risks

The profit or loss in transactions in foreign currency denominated contracts in another currency than your account currency will be affected by fluctuations in currency rates where there is a need to convert from the currency denomination of the contract to the account currency.

16. Trading Facilities

Most open-outcry and electronic trading facilities are supported by computer-based component systems for the order-routing, execution, matching, registration or clearing of trades. As with all facilities and systems, they are vulnerable to temporary disruption or failure. Your ability to recover certain losses may be subject to limits on liability imposed by the system provider, the market, the clearing house and/or member firms. Such limits may vary.

17. Electronic Trading

Trading on an electronic trading system may differ not only from trading in an open-outcry market but also from trading on other electronic trading systems. If you undertake transactions on an electronic trading system, you will be exposed to risks associated with the system including the failure of hardware and software. The result of any system failure may be that your order is either not executed according to your instructions, is not executed at all and a lack of capability to keep you informed continuously about your positions and fulfilment of the margin requirements.

RISK WARNING

The value of Stock investments can go down as well as up and therefore, investors may not realise the sum originally invested. If you are unsure of the suitability of Share dealing specifically for you then you should contact an Advisor.

Past performance is never a reliable indicator to future performance of investments.

The geared nature of CFD's means that both profits and losses are magnified. If you do not use stop losses and your position moves against you, you could incur very large losses.

In the event of a trade moving against you and reducing your cash balance, you may be subject to a 'Margin Call'. This is to ensure you have sufficient funds in your account for the initial margin requirements to keep your positions open. If you do not have sufficient funds in your account you may be forced to close your position.

CFDs are more suited to short term investors as opposed to long term investors due to the associated costs.

As an investor, you do not have the right to a vote at the AGM or any other meeting.

You are liable to pay out the dividend if you hold an equity position when they go ex-dividend.

It is important to know you are trading contracts with the CFD provider, not physically trading in the underlying market. This means you don't actually own any assets.

It is possible to lose more than your original investment if you do not use guaranteed stop losses and the position you are in is subject to slippage, gapping or a fast market.
